

CASTLETON planter

ACCESSORIES

Castleton planters can be manufactured and supplied to include a range of optional accessories.

Planters can incorporate; adjustable feet, tree anchor fittings, watering systems, bench seating, pergolas and trellis panels.

Adjustable feet

Castleton planters can be manufactured with optional adjustable feet to allow the planter to be height adjusted to ensure that the top of the planter is level. The adjustable feet, allow the planter to be levelled after relocation. See separate page for Adjustable Feet details.

Watering system

Castleton planters can be supplied with a choice of 2 watering systems. Street Design can supply either a reservoir system, with filler pipe or the Mona, subterranean tank system. See separate page for Watering System details.

Moveable planters

Castleton planters can be supplied with an internal steel frame to allow the planters to be moved whilst fully planted. The steel frame provides additional strength and ensures suitable supports for the forklift tines.

Pergola structures and trellis panels

By extending the planter uprights, pergola structures and trellis panels can be integrated into the planter construction. Pergolas and trellis allow high level planting and create shaded areas for seating.

Tree anchor fittings

Castleton planters can be fitted with galvanised mild steel tree anchor points. They can be fitted at the bottom of the planter to help support the root ball and they can be fitted at the top of the planter to help provide support for the tree.

Bench seating

Integral planter benches, with or without armrests, can be supplied with Castleton planters. As standard 2 bench designs are available. Other designs can be included upon request. The Bexley bench consists of 4 no. 70x45mm timber slats and the Spalding bench has 145x45mm wide bench slats, which run from back to front. The slatted benches bolt onto galvanised mild steel brackets, attached to the planter sides. Benches can be fitted to 1, 2, 3 or 4 sides to suit your requirements. The choice of material and finish is the same as for the planter. As standard the brackets will have a galvanised finish. As an optional extra, they can be polyester powder coated.

Full circular planter bench configurations

Full circular planters can have quarter, half or full circular planter benches

Half circular planter bench configurations

Half circular planters can have planter benches to the straight side only, the curved side only or both the straight and curved sides

Circular Castleton planter with semi-circular Spalding planter bench

Elliptical Castleton planter with curved bexley planter bench

Square and rectangular planter bench configurations
