

KENSINGTON planter

ACCESSORIES

Kensington planters can be manufactured and supplied to include a range of optional accessories.

Planters can incorporate; adjustable feet, tree anchor fittings, steel bases, watering systems, bench seating, pergolas and trellis panels.

Adjustable feet

Kensington planters can be manufactured with optional adjustable feet to allow the planter to be height adjusted to ensure that the top of the planter is level. The adjustable feet, allow the planter to be levelled after relocation.

See separate page for Adjustable Feet details.

Watering system

Kensington planters can be supplied with a choice of 2 watering systems. Street Design can supply either a reservoir system, with filler pipe or the Mona, subterranean tank system.

See separate page for Watering System details.

Moveable planters

Kensington planters can be supplied with an internal steel base frame to allow the planters to be moved whilst fully planted. The steel frame provides additional strength and ensures suitable supports for the forklift tines.

Pergola structures and trellis panels

By extending the planter posts, pergola structures and trellis panels can be integrated into the planter construction. Pergolas and trellis allow high level planting and create shaded areas for seating.

Tree anchor fittings

Kensington planters can be fitted with galvanised mild steel tree anchor points. They can be fitted at the bottom of the planter to help support the root ball and they can be fitted at the top of the planter to help provide support for the tree. The tree anchors are manufactured using 25x5mm mild steel flat. They have two punched slots and are fitted to the projecting bolt ends on the inside of the planter. The tree anchors are hot dip galvanised.

Bench seating

Integral planter benches, with or without armrests, can be supplied with Kensington planters. As standard 2 bench designs are available. Other designs can be included upon request. The Bexley bench consists of 4 no. 70x45mm timber slats and the Henley bench has 2 no. 145x45mm wide bench slats. The timber slatted benches bolt onto galvanised mild steel brackets, attached to the planter sides. Benches can be fitted to 1, 2, 3 or 4 sides to suit your requirements. The choice of material and finish is the same as for the planter. As standard the brackets will have a galvanised finish. As an optional extra, they can be polyester powder coated.

Planter bench configurations

bench on 1 side

bench on 2 sides opposite

bench on 2 sides adjacent

bench on 2 sides adjacent (mitred)

bench on 3 sides

bench on 3 sides (mitred)

bench on 4 sides

bench on 4 sides (mitred)
