Bench and seat slats

Standard FSC treated redwood finish

As standard, all Bexley FSC treated redwood seating slats, will be supplied with a natural finish. The timber is treated for a minimum life expectancy of 30 years. Left to weather naturally, the timber will eventually turn a silver grey colour.

Stained iroko slats

Standard mild steel finish

As standard, all mild steel box section metal seating slats, will be hot dip galvanised after cutting, drilling and capping.

Galvanised slats

Optional mild steel finish

After galvanising and as an optional extra, the all metal seating slats can be polyester powder coated. Depending on the stock availability, the polyester powder coating can be to any specified RAL colour and can have either a matt, satin or gloss finish.

Galvanised and powder coated slats
