

ROCHFORD

Versatile seating

ACCESSORIES

Armrests

Rochford benches can be manufactured and supplied to include a number of seating accessories to ensure that the product is right for your scheme. As standard the Rochford bench is supplied without armrests. An optional armrest design is available to be specified with both straight and curved Rochford benches. The optional armrest design is an all timber construction and is fitted to the bench top.

Anti-skateboard fittings

We are able to supply the benches with stainless steel anti-skateboard fittings. The fittings are screwed to the outer 120x45mm section FSC timber slats.

LED Lighting

Rochford benches can be manufactured with additional timber or mild steel parts to assist with the on-site fitting of LED lighting. Bearers or brackets can be added to suit your specific light fittings.
